Dear Prospective Parent,

St. Christopher's Preschool's motto, "A Loving Place to Learn" is more than just a motto. We pride ourselves on our warm and caring community of educators, children, and parents with a goal of creating an atmosphere where children love to learn. We are a developmental preschool that tailors curriculum to the individual child in preparation for kindergarten. We believe that children learn through experiences that involve all the senses. In order to help children develop to their fullest potential we offer a variety of activities that alternate between child-directed learning and teacher-directed learning.
